Keep bills flat (don't roll them) and no loose coins please If sending coins, please tape them flat to this form or to an index card, otherwise they will likely rip through your envelope or make it too thick to ship at the letter rate and will require extra postage. If you send all bills I can mail back change if you are having all or part of an order shipped to your address.

If you have any questions please email info@lovingfromadistance.com

Gift message (optional): Write your message in the space below. We will cut this out and include it in the gift recipient's package. You may also opt to use your own paper (up to a full-sized letter, 8.5"x11").
